MB GLOBAL GROUP INC.

Streamlining Healthcare Operational Excellence

REVENUE CYCLE MANAGEMENT & CARE COORDINATION

ABOUT MB GLOBAL GROUP

ALIGNING CARE & OPERATIONS

MB Global Group is a premier nationwide healthcare solutions firm focused on aligning high-performance practice environments with complete structural viability.

By operating as an advanced extension of your in-house processing framework, we deliver optimization across all clinical lifecycles.

> **Expert Leadership:** Our strategies are devised and executed by a certified team of healthcare attorneys, corporate experts, and IT professionals.

OUR SOLUTIONS SPECTRUM

RCM & Billing

End-to-end processing ensuring total compliance and billing acceleration.

Billing Audit

Locating hidden leakages and systematic data discrepancies.

Care Coordination

Medicare-approved recurring monetization channels (CCM, RPM, PCM).

Digital Marketing

Patient scaling, visibility upgrades, and localized brand engineering.

Virtual Front Desk

Eliminating missed connectivity while optimizing checking protocols.

Staffing Support

Deploying specialized billing teams and office assistants.

1. REVENUE CYCLE MANAGEMENT & BILLING

Clean Claim Execution

Our core workflow system modernizes your entire collection structure, driving high-speed cash flow via technical accuracy.

- **Scrubbing Protocols:** Meticulous analysis preventing documentation gaps.
- **Rejection Tracking:** Complete clearinghouse tracking within 24 hours.
- **Denial Architecture:** Comprehensive tracking and collection optimization.

2. STRATEGIC MEDICAL BILLING AUDIT

100%

Financial Integrity

Revenue Leakage Prevention

Providers unknowingly lose significant monthly revenue through coding oversights and outdated insurance setups.

Our expert audit evaluates claim adjustments, clearinghouse responses, and intricate payer fee schedules with forensic accuracy.

Free initial billing audits are offered to uncover revenue optimization pathways for practices.

MEDICARE COMPLIANT SOLUTIONS

3. PROGRAMMATIC CARE COORDINATION

A fully managed, turnkey program that elevates quality metrics (MIPS) and drives stable, recurring monthly revenue for your practice with absolutely zero upfront investment.

CARE COORDINATION FINANCIAL PROJECTIONS

Core Program Track	Target Patient Eligibility	Payer CPT Code	Average Reimbursement
PCM (Principal Care)	1 Complex Chronic Condition (≥ 3 Months Duration)	99426 (Initial) / 99427 (Addl.)	**$61.34 / $47.44**
CCM (Chronic Care)	2+ Distinct Chronic Conditions (≥ 12 Months Duration)	99490 (Initial) / 99439 (Addl.)	**$62.69 / $47.44**
RPM (Remote Monitoring)	Physiological Data Streams (Hypertension / HTN Focus)	99453 (Setup) / 99457 (Mgmt)	**$19.73 / $47.87**

4. HEALTHCARE DIGITAL MARKETING

Acquisition & Positioning

Modern healthcare organizations require structural digital visibility to ensure continuous patient influx and retention.

- **Search Engineering:** Strategic local medical SEO and Google My Business elevation.
- **PPC Optimization:** Smart targeted ad campaigns across Google & Meta.
- **Corporate Branding:** Sleek identity design and web portals.

5. VIRTUAL ASSISTANCE

Eliminating PATIENT CONNECTIVITY LOSS

Internal staff are often overburdened, leading to high missed call rates and administrative gaps that disrupt seamless patient coordination.

Our integrated **VFD & VMA** solutions manage scheduling logistics, appointment verification, and eligibility checks with absolute forensic precision.

- Reduced Wait Times
- 100% Communication Rates

6. RECRUITMENT & STAFFING SUPPORT

Targeted Placement Services

Avoid the friction and high overhead expenses of continuous administrative recruitment. We deploy dedicated expert professionals tailored to your specialty parameters.

- Certified Medical Billers & AR Managers
- Payer Credentialing Documentation Experts
- Trained LPNs, RNs, and Care Coordinators

THE TURNKEY STRUCTURAL ADVANTAGE

⚠ Traditional Operational Friction

- Escalating staffing overheads and software licensing fees
- Direct compliance risk exposure due to documentation gaps
- Heavy process disruption within existing internal teams
- Unpredictable ROI on program infrastructure

The MB Global Ecosystem

- 100% CMS-aligned care planning and compliance insurance
- Total offloading of daily care processing and validation friction
- Immediate predictable returns from validated eligible patients
